Matt Kark

**\$365,000**

This home is set high in Gatton to catch the fresh breezes, yet so close to Gatton CBD, schools and all facilities. The floorplan is simple, with a good sized central living area, spacious kitchen/dining area and the bedrooms are well sized also. This home is ideal to break into the property market, or doubles up as a Sweet investment which will return well and with the location is in ultra high demand. There is a nice covered deck out the front for that morning coffee or to just chill out and the area is quiet with minimal through traffic. In need of repairs, as front veranda has been removed allowing access through the back door at this stage. Call Matt today as this is an opportunity that will go quickly !!
