North Griffith is on many homebuyers' shopping list, but quite often, the genuine family home is hard to find. Well, here we go! 28 Nelson Drive is very much the complete package. Arriving at this serene home, soak in the atmosphere: a shady street, lush lawns, and your new home looking stately amongst it all. The timber and glass entry door open wide as you step through to discover just how magnificent and comfortable a home can be. Movie nights are going to be amazing. Close the blinds, turn off the lights, and immerse yourself surrounded by the family in the cozy space of your front family room, day or night. Then you'll find yourself in the sunlit filled kitchen, dining, and lounge area. From daily family dinners to entertaining a crowd, this is where you'll want to spend your days. The spacious kitchen allows everyone to move efficiently and quickly through meal prep. The dining and lounge spaces give you the flexibility to go big with your dining table and lounges so that guests can choose where to relax while still chatting with the cooks. Once the meal is done, dine inside or out. Enjoy watching the kids play on the lush lawns or scoot across the pavement (perfect for an outdoor entertaining area). Heading back inside, wander down the hallway and imagine how your memories will grace its walls. The bedrooms are deluxe retreats for all with soft carpets, plenty of storage, and enough room to fit a large bed. The main bedroom is an absolute treat for you with walk in robe and ensuite. The feeling of serenity flows throughout this delightful home. Its North Griffith location gives you the feeling that you're removed from the daily hustle even though you're only moments away from it all. It's time for you to delight in everything 28 Nelson Drive has to offer.
