THE PERFECT ACRE IN TOWN

Built in the mid 1980's, this mud brick construction, 4-bedroom home features exposed beams, pillars and slate stone flooring. Situated on 4,062m² this amazing flat allotment is perfect for development with subdivision potential (STCA).

The home is delightfully presented and meticulously maintained. The kitchen, living and dining room make excellent use of natural light from large floor to ceiling windows and a collective garden provides the enjoyment of living the country lifestyle. A wood fire ensures comfort when winter sets in and the split-system provides additional heat and cooling during summer.

A country kitchen has plenty of bench space and the option of wood combustion stove or a gas cooker/Electric oven and leads to a mud room with plenty of room for storage.

Four bedrooms with stunning mudbrick feature walls are serviced by the main spacious modern bathroom, full length bath, vanity and a jack and Jill toilet.

Would you like to run a business from home? We have a commercial kitchen and plenty of shed space ready to be utilised.

Call to arrange an inspection, homes like these do not come up often.
