The present day spaces are totally serviceable, the scope and potential are spectacularly tempting - from any perspective this is a Seaholme property offering a sensational future. An allotment measuring some 667m² accompanies the current residence's inviting proportions, including living, dining and kitchen areas featuring original polished hardwood floors. An updated spa bathroom serves three bedrooms, each with its own gleaming floorboards, while ducted heating, downlights and excellent presentation ensure immediate enjoyment. Front and rear garden dimensions, a bungalow, covered patio, storage shed and carport complete a coveted address - and a desirable dream home or development site, STCA - moments' walk from Seaholme Primary School, within easy reach of the beach, Cherry Lake, Seaholme station and Pier Street.
