Area: 320 m2

Type: Townhouse

Rod van der Chys
0352411888

\$679,000 - \$699,000

More like a house in size this quality townhouse has all the discerning buyer demands. Starting from the incredibly spacious downstairs living and dining there is also a second living area upstairs just perfect to service the bedrooms there or a private home office. The main bedroom with its ensuite and WIR is importantly on the ground floor as is the substantial quality kitchen. The living has large glass north facing doors opening onto a good sized courtyard that is both private and secluded. The double garage also opens onto this courtyard and has direct access inside to give you that extra convenience and security. Upstairs are two further bedrooms, the main bathroom and that living area as previously mentioned. Located in a brilliant Belmont spot so handy to High Street shops and Waurm Ponds shopping this would make the perfect downsize option, first home or investment that would rent for \$530 pw.
