\$380,000

This updated 1960s high-set home is a perfect investment opportunity. With three bedrooms and one bathroom, this home is cute and cosy, with ceiling fans throughout to keep the place cool, and air conditioning in the dining area. This house has a practical layout that gives everyone their own space and privacy. We love the huge downstairs space, which has an undercover laundry and so much potential for storage. It flows out to the fenced and easy-to-maintain backyard. This property is currently tenanted at \$420 a week until August, meaning you can enjoy rental income right away. Located in the heart of Rockhampton, this gem of a property is convenient to shops, public transport and Cathedral College. - 1960s property - Recently updated - 3-bedroom - 1-bath - Ceiling fans throughout - Air con in the dining - 688 sqm block - Currently tenanted for \$420 per week until August 2024 - Close to The Cathedral College, shops and transport
