\$430,000

Situated in a great location in Gatton, this cute 2 bedroom timber home is an ideal first home for anyone looking at getting into the housing market. The 2 bedroom home has loads of potential. Starting with a large eat in kitchen, 2 large bedrooms with built-in's in the main as well as an air-conditioner, the lounge room is also of generous size making it possible to do some renovations and convert the home into 3 bedrooms. There is a covered patio area that overlooks the backyard. On the outside of the property there is a 10 x 8 metre shed, perfect to accommodate cars or use as a workshop. All of this is rested on a 744 m² block which is well maintained. Walking distance to the Lockyer State High School, Gatton hospital and Gatton CBD.
