\$1,130,000

Located within a short stroll from the heart of Bannockburn, this well-constructed residence by Little Constructions boasts taller ceilings throughout. With its top-notch interior and exterior finishes, this home is an ideal choice for those who are ready to move in and relish the spaciousness and comfort all year round with zoned refrigerated cooling and heating. The kitchen/meals/family area serves as the central hub of this residence, complemented by a wood-burning fireplace to keep you warm during the winter months. The kitchen features silestone countertops, 900mm SMEG kitchen appliances, a generously-sized walk-in pantry with plumbed in water for the fridge, and a pleasant view of the yard, perfect for kids and dogs to play and enjoy. The master bedroom is strategically located at the front of the house and boasts a double walk-in closet and a roomy ensuite with two separate vanities, stone countertops, a freestanding bathtub, a double shower, and a separate toilet. Positioned opposite the master suite, there is a front lounge/sitting room, offering versatile possibilities for the floor plan. The remaining three bedrooms are larger than standard and offer ample built-in storage and sheer curtains, all serviced by a quality bathroom with a deep bathtub, a vanity with countertops, a spacious shower, and a separate toilet, complete with a generously-sized walk-in linen closet. Outside, there's a roomy decked area for entertaining friends and family, along with plenty of yard space enclosed by secure fencing for the little ones. The double garage offers both internal and external access, with an additional roller door for drive-through convenience. Plus, there's rear property access through the large gate. If all this hasn't sparked your interest, there is ample space available for building a shed (STCA). All that's left to do is move the furniture in and enjoy everything on offer.
