\$425,000

Situated on a great sized 784m² fully fenced block of land, directly across the road from gorgeous parklands, is this neat as a pin 2-bedroom home that has been totally renovated. Inside boasts an open plan design with a walk-through kitchen that leads through to the massive internal laundry room and out to the verandah. There are 2 full sized bedrooms both with split system air-conditioners, and freshly painted floors that extend throughout the home. The main bathroom features a glass framed shower recess, stone top vanity and toilet. Heading outside there is a full-length rear verandah, which is the perfect place to entertain, or just to sit back and relax, surrounded by lush tropical gardens and rolling green lawns. The roof here has been recently replaced and a fresh coat of paint through out the whole home has just been added. Positioned close to Casuarina shopping center, Charles Darwin University and the Royal Darwin hospital, and with parklands across the road, this is the perfect place to call home.
