\$2,400,000 - \$2,600,000

An exceptional sun-swept haven tailor-made for relaxed family living, this stunning 4-bedroom, 4-ensuite residence is an offering that is bound to make a lasting first impression - and one you will be eager to call your 'forever' home. Incredibly spacious with a practical layout designed to take you and your loved ones across every stage and phase, accommodation spans two warm & welcoming levels. Offering a multitude of spaces to entertain, relax, work and rejuvenate both inside and out, among its standout inclusions are a fitted home office - perfect for students or those working from home - a peaceful lounge, open plan living/dining zone with cosy gas fireplace plus a sophisticated gourmet kitchen with prestige Smeg appliances, stone benchtops and a huge butler's pantry. A first-floor lounge/retreat invites you to unwind in quietude at the end of the day, while the home's four robed and ensuited bedrooms are all sanctuaries of generous proportions, including the sumptuous hotel-inspired master retreat. Back downstairs, a powder room is provided for the convenience of guests - also offered are ducted gas heating, evaporative cooling, ceiling fans, video intercom, ducted vacuum and double auto garage with sensor lighting. The manicured gardens are kept green and lush thanks to automated irrigation. Just over six years old and with nothing to be done, this beautiful home is close to Highett's vibrant retail & dining precinct, Bayside's leading schools, public transport and the bay - the wonderful sporting facilities and open spaces of the Peterson St Reserve are metres away at the end of the street for endless family enjoyment. For more information about this incredibly impressive as-new home, please contact Mathew Cox at Buxton Mentone on 0413 102 224
