Set along the beautiful leafy promenade of Donald Rd, it's the design distinction of this family residence that's bound to impress. With its towering, raked ceilings, rustic brickwork and poolside views from almost every angle, this is a magical setting for the family that puts you a short walk to both Jells Park Primary and Caulfield Grammar. The magnificent ceiling heights elevate the mood, giving you a home with gallery style ambience. A grand entertaining rumpus with wet bar, and children's bedroom loft, add to the design distinction of this character-rich residence. Big, bright living space is the blueprint we all want and it's on beautiful display here – perfectly designed to overlook the garden's centerpiece paved pool, which attracts plenty of light from its north facing aspect. The original styling presents with the retro charm of coloured glass, geometric tiles and hardwood floors, which you can refresh with your own vision in time. Families will also appreciate the zoned bedroom wings which feature a master bedroom with ensuite at the home's entrance, and a versatile study or nursery/4th bedroom across the way. All that's left to do is imagine yourself on the deck alongside the grapevines, watching the kids play in the pool, from this tree-lined neighborhood close to all the amenities Wheelers Hill is prized for – great schools, world class shops, gateway transport connections and picnic perfect parkland and bushland through Jells Park and the Dandenong Creek Valley.
