Blending a variety of modern textures, premium design elements and sophisticated space, this dazzling and completely enhanced four bedroom, two bathroom showstopper is the perfect choice for new-age families who love to entertain at home. Deceptively spacious and embodying a stylish split-level plan, the property stars a soaring semi-vaulted ceiling, stylish engineered hardwood floors and a living domain drenched in north-facing sunlight thanks to its floor to ceiling windows. Follow the wide hallway to a versatile lounge/teenager's retreat, while the sizeable family/meals domain progresses to an outdoor paved entertainer's area and landscaped backyard with rear pedestrian ROW. Meanwhile, home chefs will be sure to take advantage of the opulent stone-bench kitchen, well-appointed in quality Bosch induction cooktop/dishwasher, Neff double oven, standalone curved island, two-tone cabinetry and WIP. Add to this, on-trend tiled bathroom/ensuite, full-size laundry with storage, robes, zoned heat/cooling, intercom, alarm, two rainwater tanks and driveway OSP. Positioned within a city-fringe treelined street just moments to lively Sydney Road attractions. It's surrounded by city-bound transport, popular schools, renowned eateries/shops, A G Gillion Oval and Gilpin/Clifton Parks.
