\$430,000

This property is perfectly located and is in walking distance to all that Ulverstone has to offer, including the CBD, schools and playgrounds. The property is a larger two-bedroom home, the large open plan living area is the heart of the home and was built in a modern design well before its time. This area also boasts a beautiful bright sunroom that acts as a heater for the home. Two spacious bedrooms and a large functional bathroom area give a feeling of space and privacy throughout. The property was designed initially to become a two-story home and as such has been built extremely sturdily with double brick internal walls. Practicality is a huge attribute to this property, with storage in abundance, the garage/workshop and being on a stand alone/low maintenance block. This home is a fantastic opportunity to buy close to town and is something that does not become available often.
