**Bigger Is Better** A family home in a beachside suburb is often high on the list for big families, this home is new to market and waiting for its new family to move in and create all the family memories for years to come. Step inside, and you'll be greeted by an open, light-filled air-conditioned living space, the grandeur of the cathedral ceilings enhances the sense of spaciousness. A constant ocean breeze fills the home, and you can often hear the breaking of the waves to reconfirm you're living in paradise. There is room for everyone with 5 bedrooms! All bedrooms have built-in robes and the master has a walk-in robe and ensuite. The main bedroom and one other are also air-conditioned. The design of the home is functional with the living, dining and kitchen all central to the home with access to a covered entertainment area. Three large bedrooms are separate and at the opposite end of the home to the master and serviced by a bathroom with floor-to-ceiling tiling for a little lux. The main and remaining bedroom are at the opposite end of the home, this layout is great for teenagers or guests. There is plenty of storage with three carport spaces to the home, the solid front fence provides privacy and seclusion. The rear of the yard is fenced and great for pets and kids. Blacks Beach is a popular beach for picnics, fishing and exercise enthusiasts. There is a great family tavern just down the road and an abundance of shops and eateries a short drive away in Rural View. It's a pretty special lifestyle on offer, there isn't anything to want for.
