An architectural masterpiece that transcends the boundaries of everyday family living, this 6-bedroom, 4.5-bathroom residence is perfectly tailored to the expansive needs of a large or multi-generational family, where the art of entertainment is celebrated with unrivalled expertise. A pristine rendered facade and inviting raised deck entry invite you into a world of refinement, where a captivating entertainer's layout unfolds over rich hardwood floors. The formal lounge delivers a certain elegance separate from the expansive family and dining hall, radiating warmth with abundant light and a cast iron wood heater. The gourmet stone kitchen oversees the entire space with top-of-the-line Kleenmaid cooking appliances, a farmhouse basin, and a stone-topped butler's pantry with an integrated dishwasher. Corner stacker doors extend the living space to a BBQ deck, designed for effortless gatherings beside the integrated swim spa, while a large leisure room and powered workshop sit to the rear, providing a haven for leisure pursuits and creative endeavours. The home's functionality is extraordinary, with four of the five downstairs bedrooms boasting ensuite entries, plus an upstairs self-contained retreat that presents an ideal haven for teenagers or in-laws with its own kitchenette and ensuite. Embrace the pinnacle of comfort and practicality with an enclosed study/7th bedroom and refrigerated heating and cooling, completing a lifestyle that values sophistication, connection and convenience just moments from Skye Primary, Carrum Downs Plaza, Flinders College, Westernport Highway and Pines Flora & Fauna Reserve.
