Needing to live close to Hospital services? - Bridge Road is central to airport, shops (IGA 24 hours) - doctors and school/s - it's ideal. Low-set, with a few steps to enter at front door, as this home is off the ground. 3 bedroom with a bonus sunroom, 1 bathroom and additional separate toilet. Great kitchen, separate dining room and lounge. Split air-conditioning in a few rooms as well as fans. Fully fenced, recently painted and near new Color bond roof (less than 2 years ago). Land area - 532m² - Corner block. Room for a 2-bay shed, if you need. If this appeals to investors - the owner would be happy to stay and rent back, long term. There's still opportunity for you to make your mark on this property.
