\$700,000

This is one of the most immaculate strata homes I have had the pleasure of selling. Maintenance free, nothing to do!! But live and enjoy life. Its ideal for first home buyers to "downsizers".Features a design more like a house than a villa, and an open plan living area that you can use 365 days a year.Street frontage with individual driveway and no common walls (to living areas) or Strata Fees.Come and see to appreciate the reverse cycle air conditioning, automated skylight, electric awnings blinds, "show home" presentation with robes in all 3 bedrooms (ensuite to main), ceiling fans, security system, Alfresco dining, Dishwasher, reticulated lawns and gardens, walk in pantry, extensive use of tiling, stone bench tops and gas hotplates.
