This one bedroom, lower level unit is one of only three in the building and has recently undergone complete refurbishment. Offering a bright, comfortable open plan living area with ample storage space, the separate bedroom is private offering a built-in wardrobe. The bathroom/laundry has been renovated and offers a freestanding shower. Outside is a small patio area with the added benefit of not being responsible for any garden maintenance. There is a single bay carport for under cover parking. Unfortunately pets are not permitted.
