Peacefully positioned at the rear of four, while capturing magical park views over the Cooper Reserve, this elegant 4 bedroom 2 bathroom family haven gives you a dream parkside lifestyle of high quality and low maintenance living. Enjoying direct complex access to the magnificent park, this light filled home reveals defined split level living and dining zones, a high end kitchen with stainless steel appliances and plumbing for fridge; a prized downstairs main bedroom with mirrored robes and stylish ensuite; fitted laundry and a secluded decked courtyard that's ideal for summertime shade. Upstairs has 3 further generous robed bedrooms (including an alternative main bedroom option with incredible park views) and an eye catching fully appointed bathroom with feature bath and heated towel rail. The true highlight is the expansive entertainer's deck that sits elevated to take in the glorious park views over a border of manicured hedges. Allergy friendly with timber floors on both levels, this parkside sanctuary is further enhanced with plantation shutters, ducted heating, evaporative cooling, ceiling fans, video intercom, instant hot water and a double auto garage. A convenient locale, wander through the park and along the back streets to Miss Frank Café, the IGA and the Riversdale Road tram, stroll across to Wattle Park and Wattle Park Primary School or catch the bus to Toorak Road which then has tram links to Presbyterian Ladies' College and Deakin University.
