Peacefully positioned directly opposite parkland and yet just a short walk from Altona Gate Shopping Centre, this modern, 2 bedroom, single level villa unit is a private, alfresco sanctuary to exceed expectations. One of only 3 and set to the rear of the block, the home is superbly appointed and offers an alluring sense of sanctuary in this highly convenient position, close to all amenities. • A stylish kitchen highlights SMEG appliances, stone benches and plenty of soft-close cabinetry, ensuring it is perfectly suited to gourmet cooking. • Effortlessly, an open-plan dining / living area opens to a private and paved outdoor living, whilst filling with streams of natural northern light. • The main bedroom features walk-in robes and its own designer ensuite. • A lock-up garage offers the convenience of direct internal access to the main home, which is perfect for easy unloading of the groceries. • Also features split system heating and air conditioning, a European laundry, built-in robes in the second bedroom and a main bathroom with a separate bath and shower. • Treat the open spaces of AW Bond Reserve and its playground as your own backyard, plus you can walk to shops, cafes, and dining at Altona Gate, whilst the Westgate Freeway is also just moments away.
