**\$410,000**

Positioned perfectly in a quiet highly sought after street basically next door to the upgraded state of the art Hospital is this beautiful brick unit. Will definitely suit permanent living or investment purposes alike. Of brick construction with its own driveway into a single lock up electric garage. The large living area is light and bright with its Northerly aspect and comes complete with reverse cycle heating and cooling. The stunning kitchen is top quality and features all new stainless steel appliances. The 2 bedrooms are of a good size and both include built in robes. There is also a well equipped bathroom, laundry and ample storage for linen and household items. Relax out the back in the private undercover entertainment area where there is ample room for a small garden or to entertain a small dog. Overall, a fine offering to the marketplace which will command attention straight away. \$429,000.
