What's not to love about this fabulous three-bedroom apartment? It's in a collection of only five and at the back of the building with level ground floor entry, only one common wall and direct access to the wraparound outdoor area tucked away from the other apartments. It actually feels like a private villa with your own garden! Walk out the front door and across into Campbell Park through to Five Dock Bay, explore the local foreshores and enjoy the convenience of shops and cafes up on Lyons Road or in neighbouring Wareemba village, Abbotsford or Five Dock. Great for a young family and the perfect downsizer, the apartment is something special and offers a rare sense of peace and privacy in a standout location.
