A residence that separates itself from the mainstream theme of townhouse design due to its significant attractions and advantages, this outstanding dual level residence is a 4 bedroom, 3 bathroom home of huge appeal. Superb solid Tasmanian oak floorboards, real rather than engineered, complement living and dining areas of desirable size and style, complemented by a kitchen featuring stone benches, stainless steel appliances and pristine presentation. The accommodation intelligently includes alternative upstairs and downstairs main bedrooms, each with a walk-in robe and ensuite, while the third bathroom highlights the family friendliness of the format. Decked entertaining and a double garage further enhance a home offering the ideal convenience of a bus stop right on the street, within walking distance of Dobson Reserve and just a five minute drive from Highpoint Shopping Centre.
