This beautiful North East facing townhouse is much larger than it seems. Entry via the front security gate leads you to one of two entrances into the large townhouse, the front door or through the large courtyard. This is a great place to relax and unwind. Morning sun, warm coffee and a comfy chair is just where you want to be positioned on those weekends. The patio is large enough to entertain with friends and still have space to move around. Sliding doors off the patio welcome you in to a generous kitchen lounge and dining area. All modernised and carpet throughout this is a wonderful space to entertain whilst having plenty of room to move around. As you move upstairs the split level design offers more generous space with 3 bedrooms and two bathrooms. Master is complete with ensuite and walk in robes. A modern air-conditioned townhouse that's so close to the water, North East facing patio and with multiple balconies off the top level. All of this on offer and with plenty of room and in a small complex of 4 townhouses. Your search is over.
