Flinders Street is situated on the fringe of the main part of town, far enough away from the hustle and bustle yet close enough to everything. It is unusual to find a unit in a complex with privacy, this one is at the front of the complex with a secure court yard and still plenty of lawn and space. The current owners have recently renovated and installed a new kitchen and polished the stunning timber floors. The lounge and dining areas are quite large and located near the kitchen for the ease of entertaining. The courtyard is secure and private with a garage and storage also available. This is a great package for the asking price.
