As you step into the top level of this light and crisp two level unit, you will welcome high ceilings and an amazing view of the ocean. This floor nests a bedroom with ensuite, built in robe and large window which brings in the light and greenery of outside. Continuing through, you will come to the u-shape kitchen, complete with dishwasher and ample cabinet storage which shares this open space with the dining and living areas. Rest assured, any seat here will spoil your eyes with ocean blues! But if your keen to be outdoors, the deck leads off from the living area where you can comfortably seat up to six guests. On the ground level you will find the large master bedroom, which includes a lounge area for your comfort. Continuing along the hallway is the main bathroom, complete with bath and separate shower. The laundry is a galley style, allowing for the hallway to lead into an office or storeroom complete with skylight to allow natural light into the space. More outdoors you ask? Sure, use the ground level door to enjoy your own patio oasis overlooking the reserve, or pop on those sneakers and connect onto one of the walking tracks leading north or south along the coastline. Located close to local clubs, supermarkets and the national park, you really have it all at your doorstep! This property is not to be missed! Book your private inspection today!
