Embracing greenery from every angle, this stunning contemporary executive residence designed brilliantly by architect Caroline Vernon is an utterly beautiful, stylish and peaceful sanctuary for relaxed living and seamless indoor-outdoor entertaining. Rich with character and bathed in northern light, the expansive open plan living and dining room features Royal Oak floors, exposed brick walls, a gas fire and a gourmet kitchen appointed with Smeg/Miele appliances and stone and solid timber benches. Both bi-fold doors and servery windows connect the living spaces to a large undercover area with heating and remote screens that create a sensational "outdoor room" for year round entertaining set against the leafy north-facing garden backdrop with a magnificent 200 year old Eucalypt at its centre. A floating timber staircase leads up to the main bedroom with walk/built in robes and designer en suite, two additional robed bedrooms and a stylish bathroom with bath and separate toilet. In a tranquil pocket yet close to Cotham Rd and High St trams, elite schools, Kew Junction, Harp Village, Victoria Park and the popular Adeney Café, it includes an alarm, zoned integrated heating/cooling, ducted vacuum, powder-room, laundry, storage and internally accessed double garage.
