Here's a most affordable home buying opportunity for you to either get into the property market for the very first time or perhaps add into the investment portfolio. Alternatively, this may simply represent the outworking of your long-held goal to downsize the mortgage, the size of your energy bills, as well as reduce your yard maintenance! Located in the popular leafy suburb of Mount Clear, the home is positioned conveniently within walking distance to Midvale Shopping, Schools and Public Transport. The home is very clean and tidy and comes with a single carport and lockable storage unit, but more than that; it is ready for immediate occupation, so please book your inspection by calling Luke Veal on 0438 302 805 and let's see when we can have you move in.
