\$680,000 - \$748,000

Architecturally Designed: Large and Light-filled. Architecturally crafted for a remarkable sense of light and proportion, this impeccably finished, sleek, sophisticated and unashamedly contemporary, 2 bedroom designer townhouse is certain to impress. Peacefully cast to the very rear of this boutique block of only 3 with no body corporate fees, the home boldly merges a façade of timber, steel and natural brickwork with a surprising sense of sanctuary, in this thriving growth location. • Under a soaring, partly double-height, vaulted ceiling, the open-plan dining / living area is boldly uplifting and underpinned by a gourmet kitchen in which a vast waterfall-edged island of stone is complemented by premium appliances, soft close cabinetry and subway tiling. • A vast bank of north-facing sliding doors delivers effortless connection to a sun-drenched deck that has been specifically designed for home entertainers. • Upstairs, the bedrooms are impressively scaled - each with entire walls of mirrored built-in robes to further enhance the home's surprising dimensions. • A fully-tiled designer bathroom is set upstairs adjacent to the bedrooms, whilst downstairs, a powder room has been completed with a stone-topped vanity for home entertaining. • Additional highlights include the sustainable benefits of endless solar hot water, double glazing, highly efficient split system heating and air conditioning, Eco decking, an abundance of storage options, down stairs study nook, plus there is a lock-up garage, a sizable easy-care backyard and secure video entry with CCTV surveillance. • Just around the corner from Altona Gate Shopping Centre as well as Newport Lakes Reserve and the Westgate Freeway, this is a location also within easy reach of all the joy of Williamstown Beach which is just a few minutes away.
