\$485,000 - \$525,000

Why seek a retirement home when this is available? This is a spacious, light-filled 2-bedroom (BIR's) by unit featuring a very generous north-facing, open planned living room/dining area complex with its own split system air conditioner, curtains and electric roller blinds. The nearby practical and logically-placed kitchen has an electric hot plate, a dishwasher, a wall oven and loads of cupboards. The bathroom features shower and bath and has a separate toilet. Access to the rear is via the separate laundry to a small garden which is big enough for a productive veggie patch and some lovely plants and shrubs. Eight solar panels on the roof are an added money-saving bonus. A single lock-up garage with its rear door allows further access through to the garden and completes a very enticing picture. Situated in a quiet neighbourhood, very close to town, in a small and attractive complex. A detailed inspection is recommended.
