\$600,000

Freshly painted throughout, this two storey townhouse is light bright and spacious. With a huge courtyard, drying courtyard and an extra high single lock up garage with a storeroom, it's difficult to say if the inside of the property is the biggest feature or the outside! Downstairs the front door opens up to open plan living dining and kitchen with double glass sliding doors that take you out to the large courtyard. There is under stair storage and a decent sized laundry with more storage. The laundry houses the downstairs toilet and is also how you access the drying courtyard. Leaving the big courtyard perfect for entertaining, growing herbs and vegetables, room for your pets. From the courtyard you have direct access to the outdoor storeroom and the extra large single garage. Upstairs there is 3 good sized bedrooms all with built in robes and a family sized bathroom. With brand new carpet throughout and freshly painted throughout the home has a fresh, clean and new feel to it. With no strata fees and no common property this is the starter property or investment property you have been looking for.
