## Contact Agent

This vacant block of 2,056 m<sup>2</sup> in area is positioned at the end of Raphis Court with creek frontage. With two titles in place it provides the astute buyer endless options for future development of the property. Surrounded by magnificent established properties it is rare to find on the market in Cairns a half acre block with two titles, and in a prime location. Land bank for the future OR build two separate dwellings on each lot, are just two of many options to look at. Or simply build a magnificent home covering both blocks! For further information or to arrange an inspection contact agent today.
