\$490,000 - \$535,000

When a single level unit with private courtyard is preferred before an apartment (No cladding issues here) this is your chance, within a similar price range. Recently refurbished this two bedroom unit offers an L-shaped lounge dining with adjoining new kitchen, sparkling bathroom and a separate laundry that accesses the spacious courtyard. Featuring genuine polished hardwood floors, neutral decor, decent height ceilings there's not a cent to spend unless you want to create a courtyard garden of your own design. A single carport space is also part of the deal, though in this central location much is on your doorstep with bus or train nearby and shops and schools within walking or cycling distance if that way inclined.
