Prestigiously located among the village and steps from Ormond train station, this two-bedroom domain is a gateway to a sought-after suburb, and an incredible lifestyle opportunity for local professionals. The design is conscientiously low-maintenance, focusing on curating spaces that emphasise comfort and convenience without compromising on style. A free-flowing design is distinctly contemporary with its emphasis on light and space, and is served by a wonderfully appointed kitchen complete with high-volume cabinetry, breakfast bar, and quality Westinghouse stove and oven. Two bedroom accommodation includes mirrored robes in both bedrooms, an ensuite for the primary bedroom, and a main bathroom shared by both. Final features include reverse-cycle air-conditioning, three wall heaters for superior winter comfort, 2 car parks, a storage cage and video Intercom. This location is highly sought-after, and for good reason. You can find yourself along Glen Huntly & Koornang roads within only minutes, while being able to take advantage of the retail & lifestyle opportunities offered by nearby Bentleigh village, Oakleigh Mall, Chadstone SC, and local sports fields. Indoor-outdoor entertaining options Low-maintenance & light-filled design Thoughtful layout requiring minimal upkeep Blue-chip location within steps of Ormond station
