Be impressed by the size of the private courtyard and its fabulous versatility that's exclusively for this stylishly updated 2 bedroom ground floor security apartment. With two entrances – one from the impeccable vintage common entry foyer and the other accessed via the courtyard, either from Brad Street or the automated gates on Chesterville Road, this homely haven gives you the security of apartment living with house-like qualities. Beautifully updated with Bamboo floors, this light filled dream enjoys a sought after entry hall that leads into the expansive living area with options for a dining or study area, a modern classic granite kitchen with stainless steel appliances and lovely meals area, 2 great size bedrooms (built in robes) and a sparkling bathroom with double shower, heated towel rail and laundry facilities. The extensive courtyard features a sail-covered alfresco entertaining area that doubles as a parking space, plus a side patio for casual dining for two. Making the most of every space, this much loved apartment is allergy friendly with hard surface floors throughout, and features LG reverse cycle air conditioning, intercom access and the auto gates to parking for 2. An easy walk to Chesterville Road's delightful shops, bakery and cafes, with a choice of bus services taking you to Bentleigh station, Chadstone and Southland, walk to King George VI Memorial Reserve, Bentleigh Secondary College and childcare.
