Showcasing an enlightened approach to modern design without compromising on quality, space or position, this exquisite 3-bedroom townhome delivers a premium lifestyle with a focus on cutting-edge style and streamlined indoor/outdoor entertaining. A private position at the rear of the 3-home complex offers a refined peace, where open-plan space and style opens to a divine alfresco environment. Vibrant living and dining spaces with high square-set ceilings and walls of windows are overseen by a chic stone kitchen with quality Technika appliances, perfect for easy everyday living and casual catch-ups with friends and family on the adjoining entertainer's deck. A downstairs master is ideal for all-ages living, sided with full-width robes and a hotel-quality rainfall shower ensuite, complemented by two additional bedrooms on the upper floor around a matching bathroom. A single garage, split-system air conditioning on each level, a rainwater tank, a full-sized laundry and a powder room headline a comprehensive list of inclusions, none more impressive than its central Frankston setting, moments from buses, Beach Street shops, Chisholm TAFE, Frankston CBD and foreshore, easy freeway access and John Paul College.
