Renovated Alfresco Haven, Moments from the Junction

A hidden oasis of alfresco bliss, just a short walk from all the action of Kew Junction, this tastefully renovated two bedroom townhouse is distinguished by a vast sun-drawing deck that has been crafted for the home entertainer. Independently accessed with its own secure double carport and an easy-care garden, this is a remarkably peaceful home of surprising privacy and sanctuary.

With durable stone benches, a pristine kitchen / dining steps up in style to a bright lounge that opens outdoors to a huge garden-surrounded deck that sits partially shaded by a stunning palm tree while still attracting lashings of northern sun. Stylishly finished with hardwood flooring, the home moves upstairs to a pair of freshly carpeted bedrooms with built-in robes, plus there is a fully tiled designer bathroom, split system heating and air conditioning.

Merely a matter of footsteps from a refined cafe scene, plenty of restaurants, bars, Leo's Supermarket and city-bound trams, plus there is the glorious natural spaces of Studley Park and the easy city access of the Eastern Freeway both within a couple of minutes.
