A peaceful and private haven of simple style and effortless sophistication, this surprisingly spacious, two bedroom villa is delightfully tucked away on an impressive garden allotment of 318 square metres (approx.). Set to the rear of this calming block of only five, the home offers appealing tranquility to suit new market entrants, busy couples and downsizers keen on a presence near Kew Junction, Studley Park and the Eastern Freeway. Underpinned by a stone-topped kitchen that has been finished with stainless steel appliances, a huge walk-in pantry and bold red glass splash back, the open-plan dining / living flows effortlessly to a vast undercover deck where a soothing water feature and sunny alfresco spirit are sure to delight. Each of the bedrooms has been finished with built-in robes, plus there is an enormous central bathroom, a clever concealed laundry, central heating and three split system air conditioners, as well as the rare prize of a double lock-up garage. Walk easily to the cafes of Willsmere Village and to pristine expanses of Yarra parkland from this quiet, no through traffic position on the cusp of Kew Junction's dining, bars, shopping and city-bound trams, plus you have the Eastern Freeway within easy reach as well.
