## **Boutique Living Close to Everything**

This luxurious prestige single story home sets the scene for a new wave of boutique living with a sublime coastal setting walking distance to Bayviews Golf Course, Hove Road Café and only a short drive to beaches and shops.

Quietly located in a scenic part of the Mornington Peninsula back dropped by greenery and surrounding National Parks, this stylish home is perfect for buyers seeking an atmospheric sea change or a lock-up and leave weekender.

The kitchen features Technika appliances, stone bench tops with soft closing drawers. The main bedroom is flawlessly appointed with a walk-in robe and ensuite with stone finishes; while the open-plan living and dining areas are light-filled and generously scaled.

Throughout the home there is ducted heating for those cooler days and nights, also split systems to the master bedroom and lounge. Low maintenance gardens with gorgeous Magnolias all around the rear and front yard.

With a remote double lock-up garage that gives internal access, timber floors and natural tones - you really can't go wrong!
