Spanning two fluid levels inside Jackson Clements Burrows' innovative and awarded 'Hue' complex, this smart and spacious residence offers delightfully bright, private, and peaceful inner city luxury. With upscale appointments and design feats that remain cutting edge to this day, a first class interior features bedrooms on each sweeping storey, with an upper main bedroom and guest room serviced by a stylish ensuite and central bathroom respectively. A testament to the home's thoughtful layout, an open hallway area provides a perfect study space, while a sizeable lower bedroom and bathroom serve as a clever alternate master. Flowing through full height sliding glass into a tranquil, north facing backyard, a substantial living/dining area enjoys an airy atmosphere, while a superb, stone top kitchen boasts high end Neff appliances. Highlights include ducted heating/cooling, NBN, robes to all bedrooms, video intercom, a ceiling fan, full size laundry, and side by side garage spaces with a double width cage. Seconds from Bridge Road shopping and dining, it's mere steps from Swan and Victoria Street bars and restaurants, city trams, schools, verdant parklands, and the Yarra River.
