This tastefully renovated apartment is a rare find indeed. Built by the current owners father and held in the family since, it enjoys the prime first floor position in the complex and features a bright north aspect with airy interiors and panoramic district views to the suspension bridge and Northbridge. With a classic art Deco style it has a lovely open plan living/dining with R/C A/C that flows through sliding timber doors to an east facing balcony. With only one common wall the apartment enjoys a 270 degree outlook which is bathed in sun all day. Plantation shutters for privacy in living area. New kitchen with stainless steel appliances. Renovated and spacious bathroom. Two bedrooms the main with built in robes. Freshly painted and carpeted throughout. Small boutique complex of 4 within a sought after cul d sac. Two shared off street parking for 2 shared between 4 plus large shared storage room. Enjoy this super convenient Cammeray location with city bus within 100m walk and then 10 minutes to Wynard. Stroll to Cammeray Public school, City/Chatswood buses, Miller street café's and restaurants and also Tunks park.
