\$700,000

Single level design attains next level desirability throughout this scintillating new residence set at the rear of an exceptional address that it shares with only 2 other properties. The appeal of polished concrete floors and the allure of low-maintenance luxury define a living/dining area of impressive dimensions, complemented by the stone surfaces, quality appliances and contemporary excellence of the open-plan kitchen. An indoor-outdoor mood, enhanced by outlooks over the landscaped backdrop, add to the attraction of this 2 bedroom design, where a superb sky-lit bathroom features elite fittings and a separate bath and shower. Individual heating/cooling accompanies reach room. A secure garage ensures total convenience. Love the look – and the life – close to Vernon Street's local village vibe, Newport Lakes Reserve and easy freeway access.
