Our most popular design because of its innovative yet functional floorplan - architecturally designed for you to make the most of our ideal local climate. Among the many unique features are the dual courtyards providing two alfresco options. High ceilings throughout create a feeling of rare sophistication. Incorporating two master bedrooms with en-suites, the main bedroom also has a walk in robe and a surprisingly spacious bathroom. The double garage guarantees extra storage and naturally the convenience of internal access. For high end living, this home ticks all the boxes and inspection is a must.
