\$485,000

This family home is fresh and inviting and the gardens are going to be a sheer delight for the whole family. The owners have just freshened this property up in readiness for sale with a fresh internal paint, repaint of the front exterior of the home, a brand new bathroom and upgrades to whole presentation of the home in general. This property is ready to move into immediately and the biggest bonus is the location. Just steps from your front door is the high school; the kids can walk to school every day. Primary school is also just a few minutes away. Woolworths is just down the road as well, ideal for a one car family. A park is located just steps away and even McDonalds is just steps away. This property is going to be ideal for a busy family and will easily keep everyone entertained. The back of the home is where you will be overjoyed; a huge undercover entertaining area runs the whole length of the home and overlooks absolutely beautiful gardens that even include a kids cubby and jungle gym. The backyard is securely fully fenced so your pets will be safe and it is also incredibly private. The front of the home also is as pretty as the pictures, there is ample parking area and even room to park a boat or caravan to the side of the main driveway if needed. Inside, this home really delivers. Three very spacious bedrooms (two built in), a large lounge room and brand new bathroom are ready and waiting for you. Air-conditioning is fitted throughout the home to keep you cool in the summer months. Are you looking for more space? There is a bonus room off the end of the back entertaining area. This would be ideal for a home office, teenagers retreat or even a home day care room. This room is separate to the main house so you can keep work away from your family life at night time. Banksia Street is one of Bowen's most highly regarded streets and it is very rare that a property is offered for sale in this location. A high number of owner occupiers live in this street and you can see all owners are very garden proud ensuring the whole street is exceptionally well presented. Be sure to inspect this home quickly, there is sure to be high interest and you will see this property under contract very quickly.
