**\$630 per week**

A fantastic home with room for the whole family. Upstairs features three bedrooms, one bathroom and a great living space with air-conditioning. Then you can head downstairs to the extra two bedrooms, additional living space and another small kitchen. This home was previously leased as dual occupancy, so the downstairs area is perfect as a retreat or even a separate living space for parents or relatives. The property is being leased as one full home. Spacious backyard and a single lock up garage. The fifth bedroom downstairs is a smaller room that may be better used as a study or hobby room.
