This cozy beach house in Ocean Grove is just steps away from Collendina Beach. With its 1940s charm, it's less than 200m from the sand, so you can easily grab your surfboard and hit the waves. The house has been updated with a modern kitchen and bathroom with bath, while still keeping its vintage feel. You'll love cooking in the kitchen, equipped with gas cooking and dishwasher. And when it's time to eat, you can enjoy meals on the sunny deck or in the spacious dining area. There are four bedrooms, all with comfy beds. The parents' retreat even has its own Smart TV for relaxing evenings. Plus, there's a cool loft space upstairs with a double bed. Also featuring ducted heating and ceiling fans. And for an added bonus garden maintenance is included. Please note garage is not for cars and smaller shed at back of property is not available for use. Located away from the hustle and bustle of Ocean Grove, but still close to shops and cafes, this home is the ideal base for a coastal lifestyle.
