This home is what semi-rural living is all about – a space to move and grow! Comprising old-world charm with modern-day conveniences. A 1900 tin home surrounded with a bull-nose veranda that adds lots of extra space and cooling on our hot days & so ascetically pleasing curbside. When stepping inside you are welcomed with a feel of a country home from years gone by, with gorgeous large rooms, polished floors and high ceilings lined with pressed tin. Consisting of 4 bedrooms (4th bedroom/study) Large lounge with combustion wood heater. A generous size country kitchen with an electric oven plus a one-of-a-kind vintage wood stove with a smoking option & plate warming, so nice on cold days to stay warm and cook that Sunday roast! Family room offers so much natural light with its huge colonial windows, overlooking the veggie garden, spacious backyard and large outdoor veranda. Fruit trees & chickens add to the self-sufficiency. Some extra features are: Split systems in every room Ceiling fans in every room 3.5w solar system Double carport Unique powered shed with combustion heater, great for rumpus room/parent, kids retreat Fire pit 2 driveways Established trees Rainwater tanks Large 1297m² block An inspection is a must as you don't want to miss out on this Beauty! *Private viewing is now available please use contact details to organize a time*
