Welcome to 3 Haywire Avenue in wonderful Whitby, this wonderful family home was built in 2015 but presents like it is brand new. As you enter the home on the left you're greeted by a large formal lounge or family theatre room as it is currently set up. Then down the hall you find an excellent master bedroom that is king sized and has a walk in robe, and an ensuite with a double sink and double shower. Then to the right there is a separate study nook which is great for anyone working from home, or even for the kids to do their homework. The open plan kitchen and meals area is light and bright, and has plenty of space for the family to gather around while meals are prepared. There is also a teen retreat area connecting the minor bedrooms which are both queen sized so the kids will have plenty of privacy too. The home comes finished off with ducted reverse cycle air conditioning to keep your family comfortable all year round. Moving outside you have a great alfresco area straight off the kitchen and family meals area which will be excellent for entertaining this festive season. The backyard is low maintenance with it being mainly paved, but there is a sand area that could be lawn if you'd like.
