Highly sought but seldom found, a vacant and cleared allotment is always a real estate rarity. This perfectly rectangular block (741 sqm approx), with an almost 18m frontage and north facing backyard, offers great potential for creating a brand new residence tailored specifically to meet your own desires and demands, or exceptional dimensions for a luxurious townhouse development (STCA). A perfect example of 'blank canvas' possibilities in a prime location within the MWSC catchment, walking distance to Mount Waverley North Primary & Mount Waverley Secondary (catchment), and close to The Glen, Burwood One, buses, trains, Huntingtower, Wesley, Monash Freeway and EastLink.
