**\$650,000**

This original 1970's family home sitting atop of quiet Lara Court, enjoys wooden floor boards and large windows looking out to the greenery and basking in the sun. With an established garden at front and large Aussie backyard at rear, there's plenty of room to relax and play a game of cricket with the kids and cook up a weekend bbq for friends! Ideal for renovation or for development (STCA) cast your vision and start creating lasting memories or open your mind to the investment opportunity.
